Dr. Group's 12-Day Detox and Quick Recovery Program

What We Would do to Detoxify from the Jab, Shedding, Long Haulers, and the new Covid

We have been getting reports of a new wave of sickness that is coming from either the injection shedding, reactions to the shot or a new muted form of Covid.

Symptoms include: Nausea, fatigue, emotional rollercoaster, coughing - dry, no fever or low fever, stomach issues - not wanting to eat, pain and stiffness in legs, hips and calves, occasional headaches, brain fog, auto-immune, neurological issues, blood clotting, skin rashes, feeling tired in the afternoons, swelling of the eyes and face, oxygen depletion, strokes, menstrual issues, and not feeling like you can finish a workout.

Below is the 12-Day Recovery. To get these products, just click on the hyperlinks below.

1. [Floratrex](#): Take three capsules, three times daily.
2. [Detoxadine \(Organic Nascent Iodine\)](#): Take 4 full droppers (80 drops) by mouth 2x daily. Also rub 1 dropperful over the right lung and 1 dropperful over the left lung and apply 1 dropperful on both inner thighs 1x daily. Rub a small amount over the injection site 6x daily if you have received the injection.
3. [Organic Vitamin D](#): Take 20,000 IU twice daily.
4. [Organic Plant Based Zinc](#): Take 7mg 3x daily
